WSA hacking the
accessibility gaps

A photograph of two women in a laboratory setting. The woman in the foreground, wearing a blue and white striped sleeveless top, is smiling and looking towards the right. The woman behind her, wearing a white t-shirt with a cartoon pattern, is also smiling and looking down at a small white robot on a table. The robot has a black top and is connected to a laptop and other electronic equipment. The background features a blue wall with a white chemical structure diagram and a white light fixture.
